SECOND REQUEST FOR CERTIFICATE OF CORRECTION

DIRECTOR OF THE UNITED STATES PATENT AND TRADEMARK OFFICE
ALEXANDRIA, VA 22313-1450

SIR:

The following is a second request for a certificate of correction in Serial Number 09/662,704, now Patent Number 6,795,480.

We respectfully request reconsideration of the decision denying our request, filed October 5, 2004, for a Certificate of Correction. We refer to the letter, dated November 30, 2004, from RoChaun Johnson, Decisions & Certificates of Correction Branch.

The decision states "A petition under CFR 1.182 is required to correct errors in spelling or order of inventors names and addresses, since inventor's names or addresses are printed solely in accordance with the typed-written names and addresses and in the order of the type-written names and addresses on the Declaration, and since the error was the result of Applicant's failure to comply with the requirement that the complete and correct names and addresses in correct order be indicated on the Declaration or Oath, no correction is in order here under the provisions of Rules 1.323, unless a petition is granted."

The originally executed Declaration, filed November 27, 2000, listed the third inventor's name as Michio Okubo. However, a Supplemental Application Data Sheet was submitted to the U.S. Patent & Trademark Office on August 5, 2004 (copy of the date-stamped filing receipt and Supplemental ADS are attached) correcting the third inventor's name to Michio Ohkubo.

The provisions of 37 CFR 1.76 (c) state in part: "Supplemental application data sheets: (1) may be subsequently supplied prior to payment of the issue fee either to correct or update information in a previously submitted application data sheet, or an oath or declaration under §1.63 or §1.67...."

JAN 19 2005

The provisions of 37 CFR 1.76 (d) state in part: *"For inconsistencies between information that is supplied by both an application data sheet under this section and by an oath or declaration under §§1.63 and 1.67: (1) The latest submitted information will govern notwithstanding whether supplied by an application data sheet, or by a §1.63 or §1.67 oath or declaration...."*

Therefore, since the Supplemental Application Data Sheet was submitted after the originally executed declaration, a correction to the third inventor's name is in order.

In accordance with the provisions of Rule 322 of the Rules of Practice, which implement 35 USC 254, the U.S. Patent & Trademark Office is respectfully requested to issue a certificate of correction in the above-identified patent correcting the third inventor's name to read "Michio Ohkubo" as listed on the Supplemental Application Data Sheet. We enclose a new Certificate of Correction Form PTO-1050 indicating the requested correction.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,
MAIER & NEUSTADT, P.C.
